Description

The Relaxa-Back backrest for the Relaxa Bath Belt Lift provides the bather with back support whilst using the bath belt lift. The bather may then continue bathing in the sitting position, or by leaning forward and releasing the security latch the backrest can be moved to the rear of the bath.

Key benefits:

- Improved comfort
- Improved safety of entry / exit to the bath
- Manufactured in the United Kingdom

Hanging:

When looking at the bath...

- If the taps are on the left hand side - you require the right handed backrest
- If the taps are on the right hand side - you require the left handed backrest

Warranty:

- 1 year manufacturer warranty

Please note:

- Image shows left handed backrest
- The Relaxa Belt Lift shown in the image is not included - please order separately (Product Code: CRM2015)
