

Independent 4 Life

4Life Self Adhesive Heat Insulation Pad for Shallow Bowl Kitchen Sinks - 500x500mm

£28.42 Inc. VAT

Product Code: 4G4S0801

Product Images

Description

Self-adhesive heat insulation pad, for retro-fitting to the underside of kitchen sinks.

The underside of an exposed shallow depth kitchen sink must be insulated to be Doc M compliant.

Designed for use with rise and fall kitchen worktops, the heat insulation prevents scalding of a person's legs when situated under the worktop.

Often specified by Occupational Therapists, this version of the pad is 500x500mm in size, and can be trimmed and rotated to fit.

Key benefits:

- Self adhesive heat insulation pad for kitchen sinks
- Can be cut to size as required
- Flame resistant
- Temperature resistant acrylic adhesive
- Suitable for use in domestic and commercial properties

Technical details:

- Size (mm): 500x500
- Thickness (mm): 6
- Materials: Neoprene sponge rubber
- Colour: Grey
- ATSM D1056: 2C2
- Density: 160 Kg m³
- Compression deflection 25% (35-63): 50 kpa
- Shore hardness "00" scale: 45-50
- Elongation - minimum: > 200%
- Temperature range (constant): -40 °C / +80 °C
- Temperature range (intermittent): +120 °C
- Water absorption: < 5% vol
- Tensile strength: > 500 kpa
- Flame resistance: FMVSS302, UL 94 HF1
- Environmental protection: CFC & HCFC Free

Additional Information

Manufacturer	4Life
Heat Insulated	Yes
Sink Installation	Inset, Undermount, Counter Top
