Innovations Fabric Internal Tanking Corner - 120x120x90mm

Product Code: TK011

Product Images

Description

A single preformed fabric internal corner for wet room tanking systems, designed to be painted with liquid waterproofing membrane to create a waterproof and flexible reinforced internal corner joint, when used with Tanking Joint Tape.

Used for internal corners, the fabric material is durable yet very flexible.

Key benefits:

- Internal fabric corner
- 120 x 120 x 90mm
- Durable
- Very flexible
- Note: The colour may differ
