

Description

The Granberg Basicline 433-0 is a height adjustable wall bracket for washbasins.

Electrically adjustable via corded hand controller, it is ideal for situations where the height is frequently changed.

The system includes integrated mirror and lighting, which move in tandem with the basin.

It should be completed with a wash basin, tap, flexible hoses and waste (available separately).

Key benefits:

- 250mm Height adjustable bracket for basins
- Powered continuous adjustment via wired hand control (included)
- Includes mirror and lighting which move in tandem
- Free space below the unit for plumbing connections
