# Description

---

The Granberg Basicline 433-1 is a height adjustable wall bracket for washbasins.

Stylish and discreet, the entire system moves to the required height using the corded hand control, which can be complimented with an optional handheld remote control.

The system includes integrated mirror and lighting, which move in tandem with the basin.

It should be completed with a wash basin, tap, flexible hoses and waste (available separately).

## Key benefits:

- 250mm wall mounted height adjustable system with mirror and LED light above
- Electric operation with corded hand control, optional handheld radio control (Product Code: 61385)
