£7.32 Inc. VAT

Product Code: TK012

Product Images

Description

A single preformed fabric external corner for wet room tanking systems, designed to be painted with liquid waterproofing membrane to create a waterproof and flexible reinforced external corner joint, when used with Tanking Joint Tape.

Used for external corners, the material is durable yet very flexible.

Key benefits:

- External fabric corner
- 120 x 120 x 90mm
- Durable
- Very flexible
- Note: The colour may differ
