Description

Showerwall White Silicone Sealant for the sealing Showerwall Laminate panels and trimmings to create a waterproof joint.

Technical information:

- White silicone
- Fast curing
- Low modulus
- Easy to smooth wall panel and sanitary ware sealant
- 300ml tube
- Requires applicator gun (not included)
- Failure to use Showerwall Silicone Sealant invalidates the Showerwall Guarantee
- For a 1000mm wide panel, use one cartridge of Showerwall adhesive for fixing the panel to your wall (order separately)
- And two cartridges of Showerwall sealant for sealing the edges of the panel and when using Sureseal strip
- See Showerwall Laminate Installation instructions, for full guidance on correct use
