Description

Wide smooth stainless steel door threshold for external doors, designed to stand up to particularly harsh environments, such as marine and chlorine.

High flat threshold at 12mm in height, and constructed from 3mm thick Grade 304 stainless steel.

Key benefits:

- Grade 304 Stainless steel
- Grained finish
- Smooth top (* Note: These are not grooved and may become slippery in wet conditions)
- Simple to install
- Ideal for commercial and domestic external doors
- Non flammable

Technical details:

- Length: 1000mm (3' 3 3/8"')
- Width: 100mm (3.937")
- Height: 12mm (0.47")
- Material: 3mm (0.118") thick stainless steel
- Stainless steel: Grade 304

Installation Instructions:

- Measure and cut threshold to size as required
- Notch as necessary, to suit door frame
- Caulk underneath and around edges of threshold for moisture control
- Threshold drilled for CSK screws
- Attach threshold to floor surface with screws provided
