"See PDF data sheet - Download for more information"

Description

This heavy duty pivot hinge set from Royde & Tucker allows the door to swing in either direction. Constructed from stainless steel, the sets are British made to ensure quality.

Key benefits:

- Allows doors to swing in either direction
- Door plates radii for easy preparation
- Floor mounting lower pivot
- Top and bottom plates have HI-LOAD maintenance free oil impregnated bronze bearings
- Maintenance free - 25 year manufacturer guarantee

- Satin Stainless steel - grade 304

Technical details:

- Adjustable top centre and floor mounted pivot
- Allows +/-5.5mm lateral adjustment at head and base of the door
- Minimum door thickness 44mm
- Heavy duty for doors up to 120kg
- Maximum door width 1100mm
- 44mm thick doors require R9 radius on pivot edge
- 54mm thick doors require R15 radius on pivot edge

Parts supplied:

- 2 x Adjustable door bracket
- 1 x Top frame bracket
- 1 x Bottom floor pivot bracket
- 4 x 1-1/4" x No. 10 Woodscrews
- 3 x 1-1/4" x No. 12 Woodscrews
- 6 x 1-1/4" x No. 8 Woodscrews
- 1 x Allen Key for top frame bracket
- Installation Instructions

Recommended accessories:

- Emergency release door stop - prevents pivot swing except in cases of emergency
- Brush strips - it is recommended that both lock and hinge stiles are brush stripped for privacy
- Non adjustable version available see Product Code: H131-401, which is suitable for FD30 and FD60 Fire Doors
