Description

The Granberg 345 is a freestanding motorised, rechargeable battery powered 400mm height adjustable nursing table with folding side gates and a waterproof laminate tabletop with a ABS-plastic edge.

With free space under the nursing table for patient lifts or a mobile hoist. The side gates can be folded down to provide more space on both sides for carers and to provide a safe nursing area.

Key benefits:

- 1400mm wide freestanding shower table with lockable castor wheels
- Stable construction
- Easy-to-use hand control with flexible cable
- Electrically height adjustable 590 - 990mm above floor
- 2 x Folding side gates
- Nursing bench in laminate with mattress
- Water-resistant laminate tabletop with ABS edging
- 30mm thick mattress - all-welded with sealed surface
- Electronic components approved according to EN 60601-1 for medical electrical equipment
- Rechargeable battery operation
- Metal parts, powder coated stainless steel
- The Changing table is delivered assembled on a pallet
